

Terms of contract for electronic publications on the document server

1 Transfer of rights to the operator of the repository

1. I hereby grant the Bremen State and University Library the non-exclusive right of use to electronically store and process the above-mentioned publication(s) for an unlimited period of time with the associated metadata including the abstract, to make them publicly accessible in data networks such as the internet and to make them available via technical interfaces. The right applies to all known and all not yet known types of use. All other rights for the exploitation of the work remain with the author. As part of the public provision, users are entitled to download, save or print documents for private use (§ 53 UrhG).
2. If a free licence has been chosen by the author (e.g., Creative Commons), the rights and conditions of use associated with this licence apply. Once a licence has been granted, it cannot be changed retrospectively at a later date.
3. I transfer to the Bremen State and University Library the right to report and pass on the above-mentioned publication(s) with the associated metadata, including the abstract, to other institutions, including but not limited to the framework of national collection mandates, in particular for the purpose of long-term archiving.
4. For the purpose of archiving and while maintaining the integrity of the content, I consent to copies of the document(s) being made and to conversions to other electronic or physical formats.
5. I can only revoke this transfer of rights under the strict conditions of § 42 UrhG. The SuUB is entitled to invoice the person(s) publishing for the costs incurred as a result.

2 Declaration on copyright and personal rights

1. I confirm that I have the rights of use under copyright law for all parts of the work and that the rights of third parties, in particular copyright and personal rights of third parties (such as co-authors), will not be infringed by the publication of the work. If alleged or actual infringements of third-party rights are asserted, I will inform the operator immediately. I hereby release and indemnify the Bremen State and University Library from any and all claims, demands, damages and liabilities by third parties.
2. I confirm that the persons involved in the publication(s) have been informed of the intended publication and have consented to the use of their contributions in the manner declared above.
3. I confirm that the personal data contained in the publications as well as the metadata may be made publicly available.

3 General notes

1. After processing by the Bremen State and University Library, the author(s) or other rights holder(s) check the metadata, which the Bremen State and University Library may amend and complete if necessary, and the network version of the publication(s) for completeness, authenticity and readability.
2. The Bremen State and University Library does not pursue any commercial interests with this publication. The author(s) or other rights holder(s) do not receive any remuneration from the Bremen State and University Library for the publication of the above-mentioned publication(s).
